TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN	§	BEFORE THE
ENFORCEMENT ACTION	8	
CONCERNING	§	TEXAS COMMISSION ON
HUBERT-WATSON SUBDIVISION	§	
WATER SUPPLY, INC.	§	
RN101455384	§	ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2015-0224-PWS-E

At its ______ agenda, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding Hubert-Watson Subdivision Water Supply, Inc. ("Respondent") under the authority of Tex. Health & Safety Code ch. 341 and Tex. Water Code ch. 5. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent presented this agreement to the Commission.

The Respondent understands that it has certain procedural rights at certain points in the enforcement process, including, but not limited to, the right to formal notice of violations, notice of an evidentiary hearing, the right to an evidentiary hearing, and a right to appeal. By entering into this Agreed Order, the Respondent agrees to waive all notice and procedural rights.

It is further understood and agreed that this Order represents the complete and fully-integrated settlement of the parties. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable. The duties and responsibilities imposed by this Agreed Order are binding upon the Respondent.

The Commission makes the following Findings of Fact and Conclusions of Law:

I. FINDINGS OF FACT

1. The Respondent owns and operates a public water supply at 1400 8th Street in Bay City, Matagorda County, Texas (the "Facility") that has approximately 36 service connections and serves at least 25 people per day for at least 60 days per year.

- 2. During a record review conducted from January 12 to January 23, 2015, TCEQ staff documented that the locational running annual average concentration of total trihalomethanes ("TTHM") for Stage 2 Disinfection Byproducts at Site 1 was 0.083 milligrams per liter ("mg/L") for the fourth quarter of 2014.
- 3. During a record review conducted from January 12 to January 23, 2015, TCEQ staff documented that the Respondent did not mail or directly deliver the Consumer Confidence Report ("CCR") to bill paying customers nor did the Respondent submit the CCR or required certification to the TCEQ for 2011, 2012, and 2013.
- 4. During a record review conducted from January 12 to January 23, 2015, TCEQ staff documented that the Respondent did not to provide public notification and submit a copy of the public notification to the Executive Director regarding the failure to comply with the maximum contaminant level ("MCL") of 0.080 mg/L for TTHM based on the locational running annual average for the second quarter of 2012. Specifically, the public notification was due by October 7, 2012 but was not provided.
- 5. During a record review conducted from January 12 to January 23, 2015, TCEQ staff documented that the Respondent did not mail the consumer notification of lead tap water monitoring results to the persons served at the locations sampled nor did the Respondent submit a copy of the consumer notification or the required certification to the TCEQ for the June 1 through September 30, 2013 monitoring period.
- 6. During a record review conducted from January 12 to January 23, 2015, TCEQ staff documented that the Respondent did not to pay Regulatory Assessment Fees for TCEQ Public Utility Account No. 12123 for the 2013 calendar year.
- 7. The Respondent received notice of the violations on January 27, 2015.

II. CONCLUSIONS OF LAW

- 1. The Respondent is subject to the jurisdiction of the TCEQ pursuant to TEX. HEALTH & SAFETY CODE ch. 341, TEX. WATER CODE ch. 5, and the rules of the Commission.
- 2. As evidenced by Findings of Fact No. 2, the Respondent failed to comply with the MCL of 0.080 mg/L for TTHM, based on the locational running annual average, in violation of 30 Tex. Admin. Code § 290.115(f)(1) and Tex. Health & Safety Code § 341.0315(c).
- 3.
